SPRINT 1 RETROSPECTIVE AGENDA

No separate meeting for that, we had an ongoing discussion for a number of days

1. What went well in the Sprint?

A lot of effort was put into our project planning, communication and getting things working.

2. What could be improved?

Please see 3.

3. What will we commit to improve in the next Sprint?

We need to revamp our project plan and design almost entirely and according to Scrum.
